DOCTORS INITIAL ASSESSMENT FORM

DATE : .....

TIME : .....

1. COMPLAINTS AND DURATION:

38, 4A, 2 prev LSCS 2<sup>nd</sup> 9<sup>th</sup> month (2 days) delay  
came referral from AH, Narasimhapeta  
No. pt not willing to stay @ hospital  
o/o labor site pain since yesterday  
Sore at rectum processing stool  
No u/o bleeding  
Pain

2. HISTORY OF PRESENT ILLNESS:

No H/o headache, blurring of vision, epigastric pain  
No H/o SOB, palpitation, fatigue  
No H/o cold, cough, fever  
No H/o Bristling sensation / 1/2 urine output  
No H/o vomiting, diarrhea  
A.U. 3/40, Regular, no clots, no pain

3. PAST HISTORY OF PRESENT ILLNESS:

No H/o hypothyroidism, systemic disease, tuberculosis, etc  
No H/o DM / HTN / RA / TB / other chronic illness  
No H/o blood transfusion  
No H/o blood urea nitrogen  
No H/o previous surgery  
No H/o other comorbidities @ 4<sup>th</sup> month

SPECIALITY RELATED ASSESSMENT:

SPECIALITY : .....

Spontaneous abortion @ 5<sup>th</sup> month  
Gm to check scan today  
Check curvage done  
FT / FHT / LSCS / CPD / labor / day / night / machine / govt / hosp / not  
I conceived spontaneously  
UPT done @ home @ 4<sup>th</sup> month  
confirmed by USG H/o cervical thick @ 4<sup>th</sup> month @ 1st taken / 2nd dose taken / regular ANC @ Narasimhapeta govt hospital, no pain  
Visit @ 4<sup>th</sup> month, 1<sup>st</sup> visit @ 4<sup>th</sup> month on 4/1/24

o/e: Pt. clt
